Dear diary

Our trip to Sebnitz started. At about 8.30 our bus came. In the bus we also sang to music (it was really great). We did our first stop **was** at service area Teufelstal. Some time later we made our second stop at the Dresdner Tor (we also took some pictures with a statue and with sunglasses). At one service area Nele and I went on a swing 😊.

We arrived at 14 o'clock. Right after we had arrived we ate Lunch. It wasn't Really good :c. We didn't do our GPS-Tour because it rained, so we had some free time 😊. At about 18.30 we had dinner, it wasn't really good but it wasn't bad. In the evening we went to the disco it was ok 😊. After disco we all went showering. Then we took some pic's as a group. I really liked the day 😊.

Dear diary

We woke up at about 7.10. Then we had Breakfast. At 9.30 we left our place. The bus driver drove the B-Class to the climbing Forest and the bus driver drove us to the Fortress Königstein. We did a tour around the Fortress. We had to do some task that Mr. Storch gave us. When we were done with the tasks and the tour my class drove back to the climbing forest and switched with the B-Class. The climbing forest was at first not so fun because I don't like the height so much but after a few times after I did the first parkour it was fun. Colin, Willy and Eric convinced me to do the 3rd stage with me which was ok till the second to last task, because then I didn't wanted to do it and asked for help. But the day was still fun 😊. After the climbing forest we went for a walk along the Elbe with the whole class and took a class picture. After some free time we drove back to our place. At 19.30 we went to dinner. Me, Klara and Lene had a slushy. In the evening we made a game night and played spin the bottle. At 22 o'clock we went back to our rooms and went to bed. The day was pretty fun 😊

Dear diary,

We had breakfast at 8.30 like always. At about 9.30 we left our place to drive to Dresden. We made a tour through Dresden which was really cool. we saw some pretty cool things like the Zwinger, The Semperoper, The Womenschurch or The Fürstenzug. After our tour we had free time and could go shopping, we went to Mc'Donalds, H&M, NewYorker, we went to drink Bubble Tea and bought Sushi. Then we went to the Hygiene museum (it was really interesting). We drove back to Sebnitz and had dinner. In the evening we had stick bread. At 22 o'clock we went to our rooms and talked a bit. The Day was really great.
